Many so-called "bitters" are not medicines, but simply liquids disguised, so as to evade the law. Prickly Ash Bitters is not one of this class. It is strictly a medicine, acting primarily on the kidneys, liver and bowels, and for the dangerous diseases that attack these organs it is a remedy of the first grade. There is nothing objectionable in its taste, it has an agreeable flavor and is acceptable to the most delicate stomach. Anti-Monopoly Drug Store, special agents.

Mr. C. T. Trask, of Belleview, was in Ocala Tuesday. He said his little city is moving along quietly. That the northerners who winter there have like swallows homeward flown, but that they are paying renewed attention to their groves and in a little while the trees will regain their pristine beauty. Hezekiah Butterworth, editor of the Youth's Companion, and a poet of acknowledged merit, has a winter home and a grove there.

Biliousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by the Anti-Monopoly Drug Store.

The girl is the mother of the woman just as "the boy is the father of the man." The period when the womanly functions begin is one to be carefully watched and considered. Irregularity or derangement at this time may be promptly met and cured by the use of Dr. Pierce's Favorite Prescription. But neglected at this critical period may entail years of future suffering. "Favorite Prescription" acts directly upon the womanly organs giving them perfect vigor and abundant vitality. It removes the obstruction to health and happiness, and delivers womanhood from the cruel bondage of "female weakness."

You pay the postage. Dr. Pierce gives you the book. The People's Common Sense Medical Adviser, 1008 pages, 700 illustrations is sent free on receipt of stamps to defray cost of mailing only. Send 21 one-cent stamps for the paper bound book, or 31 stamps for cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Children's Day at Christian Church.

The first Sunday in June is known as Children's Day and will be fittingly observed at the Christian church, (Disciples of Christ). There will be music and flowers, happy-faced children and general good cheer. The church will be handsomely decorated for the occasion. This has come to be a great day in this denomination. It was first observed in 1881; now it is observed in all their schools. It is held in the interest of heathen missions. This people now have missions in all of the great heathen fields of the world. Last year the Sunday schools of this people raised \$42,700 on Children's Day. Since 1881 they have raised over \$300,000. Special effort is being made this year to raise \$50,000 the first Sunday in June and we learn that signs point to success.

We have no doubt the Sunday school in this place will do its full share toward the \$50,000. They are liberal and enterprising. We hope the friends will render the children substantial encouragement in their lofty purposes. The school will be delighted to see their friends present on that day. It will be a great rally day and a day of generous gifts, a day long to be remembered. A special drill has been prepared for this and the exercises will be held instead of the evening services at 7:30 p. m.
